

FSSS: Faith, Knowledge & Progress

Integrating the spiritual foundation of Namaz with academic excellence, social awareness and practical skills to nurture a literate, morally grounded and forward-looking Pakistan.

PREPARED BY: MUHAMMAD KHALID HAQ

Mission & Vision

Mission

Foster self-reliance & national progress by uniting }spiritual knowledge from Namaz with academic learning, social awareness, and skill development.

Vision

A literate, morally strong Pakistan where Namaz-inspired knowledge combined with opportunity, empowers communities for sustainable growth and national prosperity.

Nation's Strength= Religion + Population

Goals & Objectives

1

Iqbal's Dream & Jinnah's Vision

Revisit to find our lost destiny

2

Strength from Within

Transform religion & population from perceived weaknesses into the nation's greatest strengths

3

Role-Model Setup

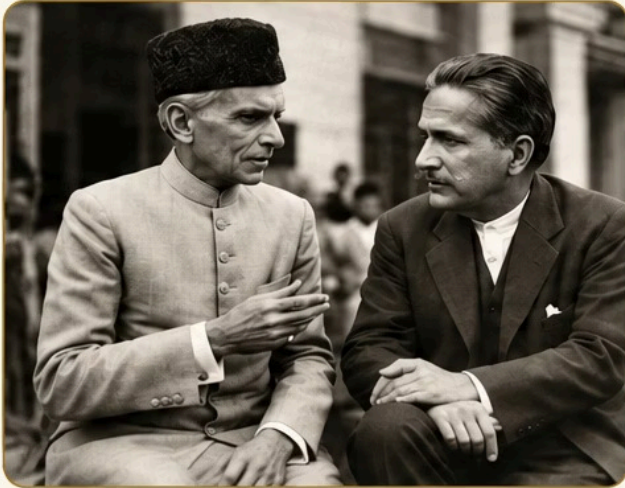

Establish a replicable model for communities nationwide

4

Mass Expansion

Expand welfare programs to millions of schools across Pakistan

◆ Our journey began with a promise. ◆ Today, we must reclaim it.

“Muslim population and countries, all over the world, look toward Pakistan as their lead Nation. Unfortunately, in 75 years of independence, we lost and forgot our commitment.”

The vision of Iqbal and Jinnah was a nation founded on Islamic principles and progress. Yet, we have strayed from this original commitment, facing challenges that obscure our path forward.

🌿 Illiteracy is the root of our lost destiny. 🌿

50%+

Over 50% of the population cannot read or write, hindering economic development and progress.

<5%

Less than 5% of the population attends mosques regularly, weakening the foundation for moral and social growth.

~50%

Nearly 50% of the population—our women—is a vast, untapped resource, with free time that has the power to transform our future.

An educated society is a strong society. |

Let's reclaim our promise through education, unity, and action.

OUR GOAL: A NATIONAL MOVEMENT OF MILLIONS OF SCHOOLS.

- ✓ Expand the FSSS network to every nook and corner of Pakistan.
- ✓ Create thousands of low-income jobs, fostering local economic growth.
- ✓ Deliver a systemic solution to illiteracy that acts as a catalyst for national progress and helps reclaim our lost destiny.

Regulations & Control Framework

Incentives

- Financial benefits for compliance & merit
- Hifz allowance for for teachers supporting Quran memorization
- Gift prizes per student offering proper Namaz
- Best tuition hours recognition for effective teaching schedules

Penalties & Quality Control

- Financial charges or contract termination for non-compliance
- No proper Namaz learning in 2 months → disciplinary action/financial losses
- Below-standard performance in promotions → financial losses or termination of contract
- QMS Compliance- Ensuring consistency, accountability & continuous improvement.
- Regular Quality Assurance (QA) and Quality Control (QC) checks to monitor teaching standards, student progress, and compliance.

Transparency & Digital Progress

Data Control Points

A hybrid software solution with clear control points, ensuring accurate tracking of student enrolment, teacher compliance, and performance metrics.

Automated Reporting

Regular reporting mechanisms provide visibility into operations, compliance, and outcomes, making the system transparent for all stakeholders.

Accountability

Data-driven insights highlight both achievements and gaps, ensuring fairness in incentives, penalties, and overall franchise performance.

Namaz Tracking

Students are guided to offer Namaz, reinforcing spiritual values alongside academics. From 100 schools, 50 proper Namaz counts are added to the tally every month.

Academic Opportunities

Access to structured learning up to **Grade 4** for all, with monthly reporting of **STEP** promotions and corresponding actions.

Dignified Low-Paid Jobs:

Teachers receive fair compensation and recognition, creating respectable employment opportunities in resource-limited communities — especially for women.

Hifz Allowance

Promotion and encouragement of Quran memorization, strengthening spiritual development.

Every Moment, Tangible Digital Progress

Implementation Plan

1

Role-Model Package

Develop a comprehensive package with all SOPs and QMS compliance, with proven experience from operating 100 schools and 1,000 students.

2

Public Scalability

Make the package publicly available for adoption by private sector industries, NGOs, government institutes, and community welfare setups.

3

Local Adaptation

Enable stakeholders to adapt and implement the role-model package in their own localities, ensuring sustainability and replicability.

4

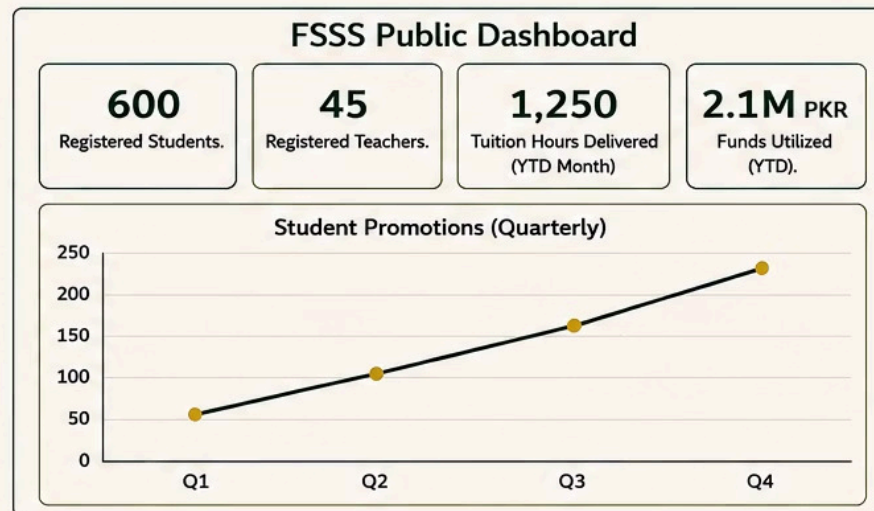

Mass Rollout

Partner with large and effective welfare organizations such as *Al-Khidmat* to drive widespread implementation and maximize community impact.

Building trust through complete transparency.

Data & Technology Approach:

- **Hybrid Model:** Manual data collection from schools, digitized at central points for reliability and accessibility.
- **Public Web Portal:** Key performance metrics will be available on the ESL website for donors, partners, and the public to track our impact.

This is a national mission. Join us.

INDUSTRY PARTNERS

Collaborate to fund schools or provide internships and career planning through our Advance Class (AC).

ESL has built the prototype and proven the model. Achieving national scale requires a collaborative effort.

NGOs & WELFARE ORGANIZATIONS

Partner to leverage existing networks, expertise, and resources for effective execution and expansion.

Hope: *100% access to schools for all, creating millions of jobs for women in remote towns, integrated with core religious activity (Namaz).*

Other Key Features

- **Generic Schools:** Small setups with fewer than 10 students, requiring only 01 proper Namaz count every 02 months.
- **FSSS Advance Category:** Offers scholarships, sponsorships, internships, career planning, and short-term loans to support daily earning opportunities.
- **Stand-Alone Setups:** Provide life-cycle support for individuals already running welfare schools.
- **Quran Promotion:** *Ankhen Project* places reading glasses in mosques across remote towns to encourage and facilitate Quran recitation.
